

by Space Copenhagen

The Mater High Stool is designed by the Danish architect duo Space Copenhagen and is regarded as a *New Danish Classic*. With its organic yet minimalist style, this stool is suitable for both residential and commercial use.

The oak wood is sustainably sourced from well-managed forests and thereby honouring the UN Sustainable Development Goals of protecting “*Life on Land*” (SDGs 15) and “*Responsible Consumption and Production*” (SDGs 12) and supporting “*Partnership for the Goals*” (SDGs 17).
