

Floor lamp full moon

300-450-077

The Full Moon Floor Lamp is simplistic, modest and soft in its form. We wanted to create an object that expressed mellow moods and relaxed vibes. Made up of only three components, the lamp has a heavy black marble base with a long brushed brass stem and frosted glass bulbs. The Tri-bulb design is as bold as it is refined. The power of three lunar lights creates a soothing ambience within your space.
