

FIVE POUF

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

ANDERSSSEN & VOLL ON THE DESIGN "The Five pouf explored the possibility and tension of the pentagon shape. The design process was very much about tailoring; the quilted ribs are seemingly wrapped around the shape and enhance the dynamics of the pentagon. The quilting adds a softness to the seat, and the textiles we have chosen are very responsive to the undulating surface of the cover."

PROCESS

A wood base is coated with moulded foam, which ensures that the pouf keeps its shape. The pouf is then topvatted to add shape to the quilt.
