MINIMA

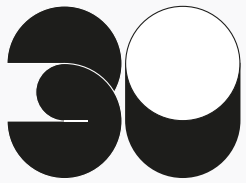

Designed by Bruno Fattorini

Minima received the Honourable Mention at the 18th Compasso d'Oro ADI in 1998, the Minima is an aluminium bookcase system comprising three pivotal elements—shelves, frame, and cabinets—that can be freely configured. Designed by Bruno Fattorini and characterised by its minimalist and lightweight lines, the Minima is one of MDF Italia's most iconic products.

For The Principle of Lightness Collection, the Minima has been reimaged in a hand polished aluminium finish and measures 184.5x188.5 cm.

SYSTEM

Polishing makes the whole bookcase shine, enhancing its simple design and the reduction of the cross-sections of the shelves and uprights. Each and every component is brushed manually using specialised rotary machines and abrasive/polishing pastes that remove any surface roughness for a smooth, shiny surface.

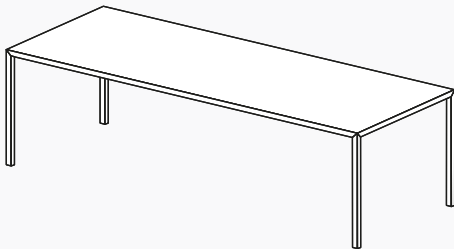

1992–2022.
