DESCRIPTION

Greta M. Grossman designed the iconic Gräshoppa Table Lamp in 1947 and with its sophisticated yet playful design, it is still as relevant today. The distinctive, elongated conical shade is beautifully combined with a tubular brass stand, a great example of Grossman's whimsical design language, that is both organic and modern. The Gräshoppa Table Lamp brings not only a perfect, functional addition to the desk but can also be used as a sophisticated light object in any room.
